

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in this application:

Listing of Claims:

1. (Previously presented) A method of building a presentation, the method comprising:
accessing a page including multimedia content from a multimedia source through a multimedia content application; and
subsequent to receiving user selection input while said page is accessed through said multimedia content application, automatically identifying multimedia content having a tag by parsing said page, and
copying said multimedia content having said tag from said multimedia source to memory, for access by a presentation application.
2. (Previously Presented) The method claimed in claim 1 wherein copying comprises copying said multimedia content having said tag from said multimedia content application while said multimedia content application is using said multimedia content having said tag.
3. (Previously Presented) The method claimed in claim 1 further comprising associating an identifier with said multimedia content having said tag, for access by the presentation application.
